

APS Usage Download Instructions

February 2025

1

Go to www.aps.com and sign in to your APS Account in the top right corner.

*Note: Click the “**Register**” or “**Forgot username or password**” for additional help logging in or setting up an account.*

2

Once logged in, select “**Usage**”.

3

Set the dates to include the last 12 months of data.

4

Then in the bottom right hand corner, select **“Download Usage”**. Download **both** the Graph Data *and* the Hourly Usage.

*Note: If there’s a pop-up warning, select **“Yes”** so the download continues.*

5

Open up your email and include both attachments in an email to your solar integrator.
